

GEO FLOORING

Suitable

FIND YOUR PERFECT FIT

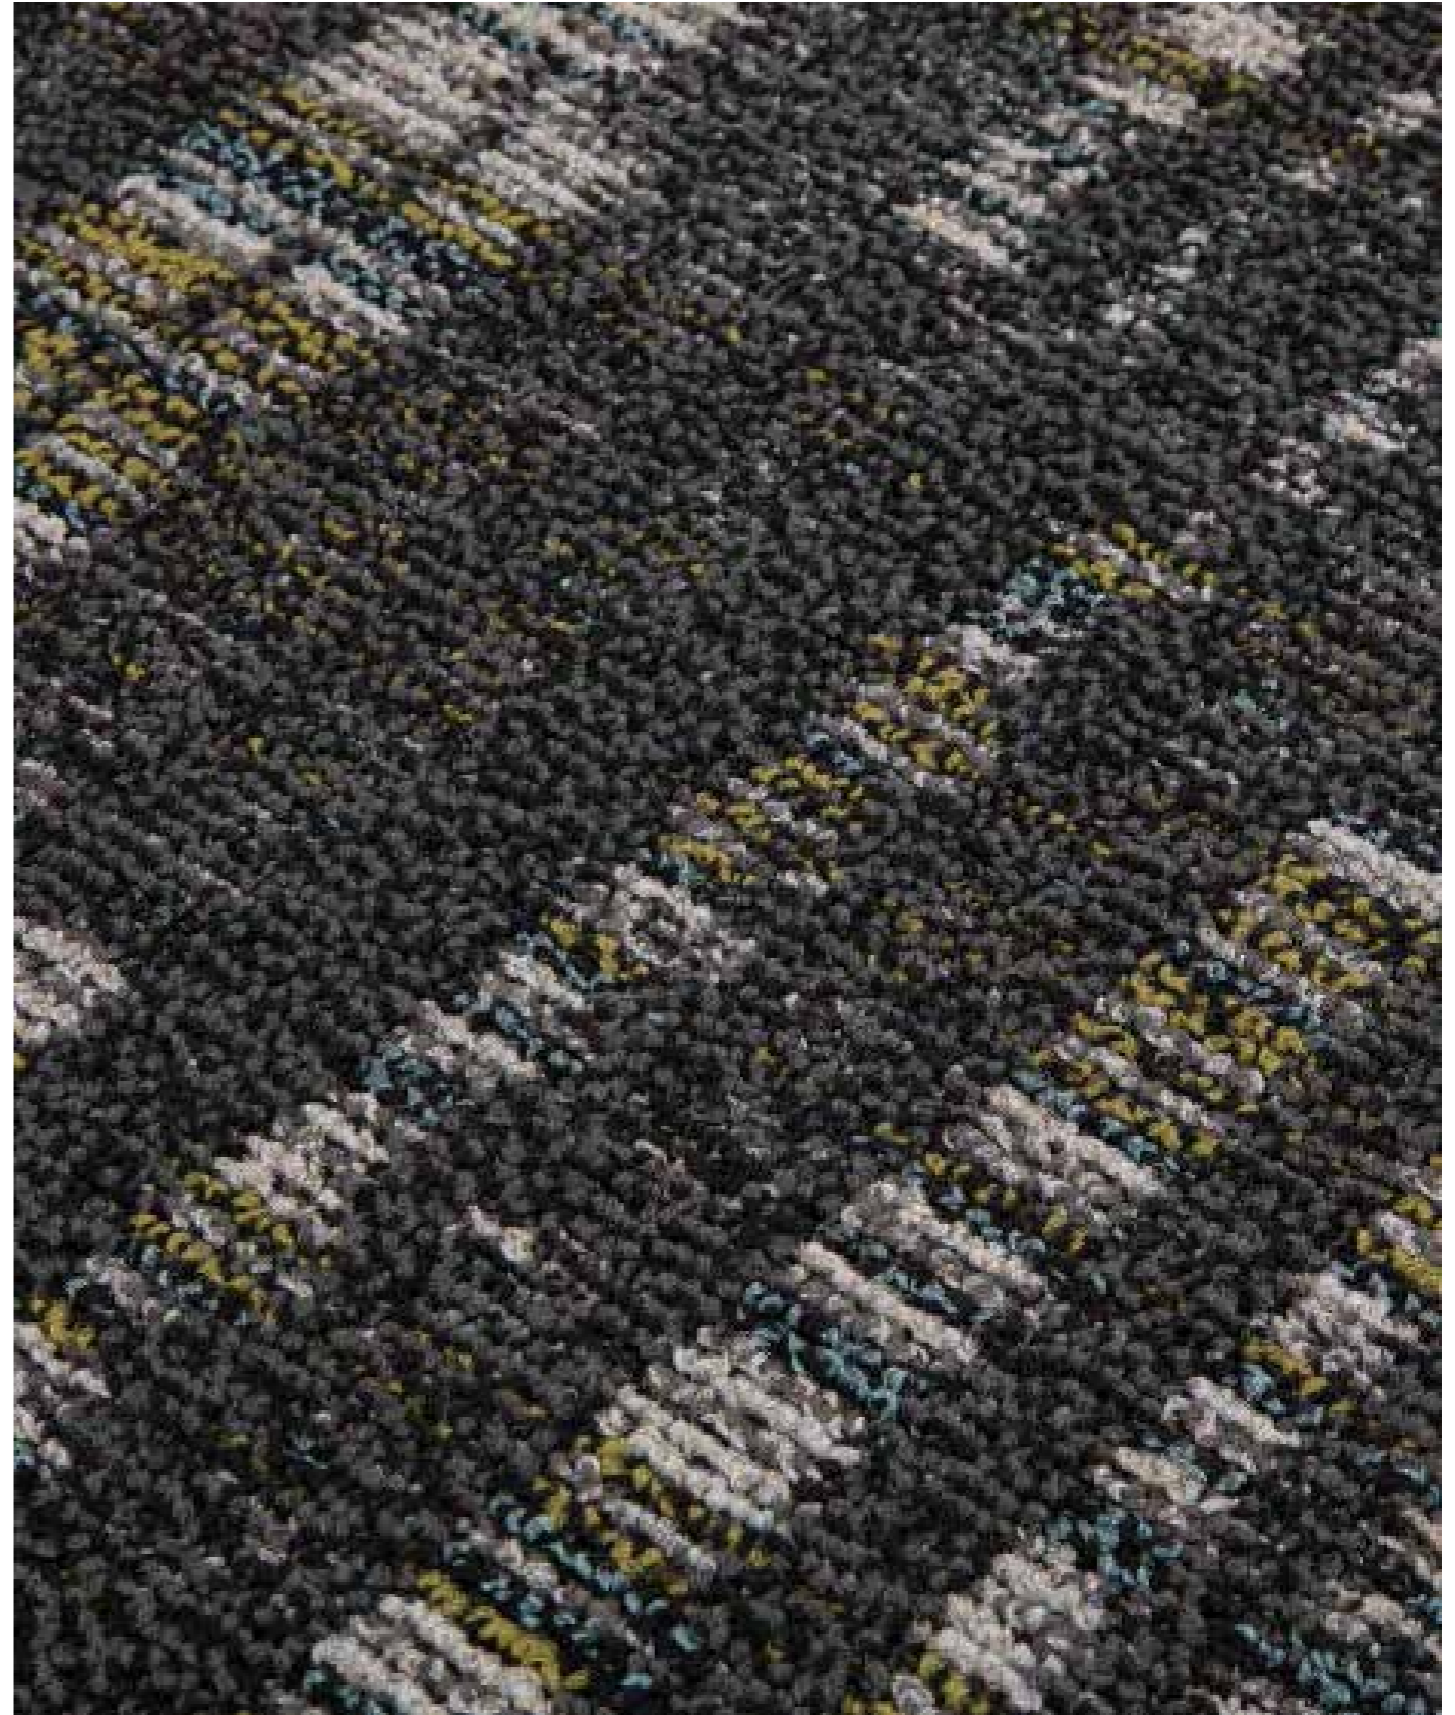

The epitome of flexibility, Suitable™ from Bentley is commercial carpet's newest "little black dress".

Everyone has it in their wardrobe—a proverbial uniform, that go-to, must-have, goes-with-everything, completes the look no matter the occasion kind of perfect piece or ensemble. Now you have it in your design repertoire too.

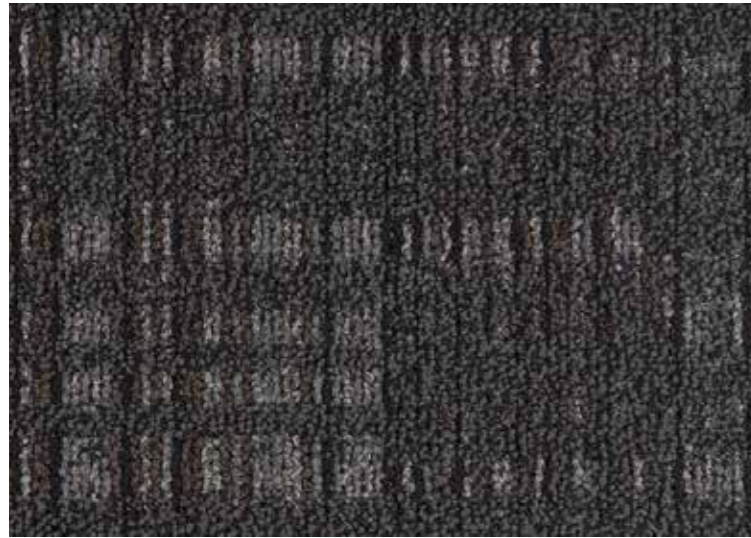

Dress it up or dress it down, Suitable is an ideal fit no matter the design vision or project need: from education interiors to corporate offices, quick turnaround jobs to tight-budget projects.

Its deeply textured pattern is reminiscent of tweeded plaid – classic yet contemporary. The product's 14 colorways are just as timeless: rich neutrals threaded with modern pops of color.
